

It's the point where you and your patient meet. The point of contact, where your hands, your eyes, your ears and your skill all work to provide insightful, personal care.

The very point where we at Welch Allyn® focus *our* skill, to bring you the best in innovative, affordable health care products and solutions that allow you to more effectively diagnose and treat your patients—whether you are caring for newborns, young adults, or any age in between.

At Welch Allyn, “innovation” means providing you with state-of-the-art products designed to meet your need for simplicity and efficiency. So you can see more patients, perform more procedures, and provide more complete on-site care.

It's the point where what we do best enhances what *you* do best.

The point of care.

WELCH ALLYN IS PROUD TO BE A CORPORATE MEMBER OF THE FRIENDS OF CHILDREN FUND, WHICH SUPPORTS THE AMERICAN ASSOCIATION OF PEDIATRICS RESEARCH AND EDUCATION PROGRAMS FOR PHYSICIANS, CHILDREN, AND FAMILIES.

WELCH ALLYN OFFERS FREE MERCURY DISPOSAL. Mercury spills are a costly and hazardous distraction. In fact, some parts of the country are regulating and even banning medical products containing mercury, such as thermometers and sphygmomanometers. Welch Allyn is helping—with our own mercury-free sphygmomanometers, and with a free program that will safely dispose of your existing mercury sphygmomanometers as part of a facility-wide conversion program. For more information, contact your local Welch Allyn representative or visit the EPA website at <http://www.epa.gov/seahome/mercury/src/outmerc.htm>
